What does **NOAA** stand for?

Big Question: Why are we ignoring the oceans?

How much bigger is **NASA's** budget than **NOAA's**?

Why do we not have good maps of the ocean?

How much of the United States lies beneath the sea?

On a good day, how many people are in the deep sea?

The **Mid-Ocean Ridge** covers how much of the Earth's surface?

Why does most of our planet not feel the warmth of the Sun?

What did they find in the deep oceans? **Explain.**

What is the **average depth** of the oceans?

What is **telepresence**?

What is the **Okeanos Explorer**? *What is its mission?*

How will it run? **Explain.**

What do you think about living at sea?

Conclusion: *Why is it important to explore our oceans?*
